

PowerCarts™ for Housekeeping & Hospitality Applications

Model PC-H-720-CC

Powered by 13 hp, gas, 400 cc, air-cooled engine. (To order modular shell without motorized car, specify Model PC-H-720. Green/White or Beige/White awning is included.)

The Carts of Colorado PowerCart System is perfect for a hotel's or resort's housekeeping and hospitality operations. By mounting special modules on Club Car motorized carts, even the most remote locations can be quickly serviced.

Features and benefits:

- Significantly reduces the amount of time required for housekeeping staff to load and handle linens and other supplies
- Keeps soiled linens and trash out of guests' view by collecting and transporting the items in closed containers
- Totally separates clean and soiled linen and supplies at all times
- Enhances your hotel's professional image by transporting items through public spaces in enclosed, easy-to-keep-clean motorized units
- Lockable units reduce theft of food, beverage, linens and liquor
- Implements modern inventory control principles such as first-in, first-out and just-in-time delivery for all linen, terry, guest supplies and minibar restocking, VIP, event and meeting-room set-up and break-down

See reverse side for specifications.

Model PC-H-480-CC

Powered by 11 hp, gas, 351 cc, air-cooled engine. (To order modular shell without motorized car, specify Model PC-H-480. Green/White or Beige/White awning is included.)
